

Altos P130 F10 SE - System BIOS Update SOP for Windows 11

In [Windows Mode]

1. Please visit the Altos official website and download the latest firmware update package ZIP file for your product model.
(<https://www.altoscomputing.com/en-US/download>)
2. Please decompress the BIOS ZIP file first and copy "UCP" folder including subfolder files into your external USB flash drive storage device.
3. Go to "UCP" sub-folder and execute the "1.05.exe" executable file as **Administrator Role** in Windows OS.

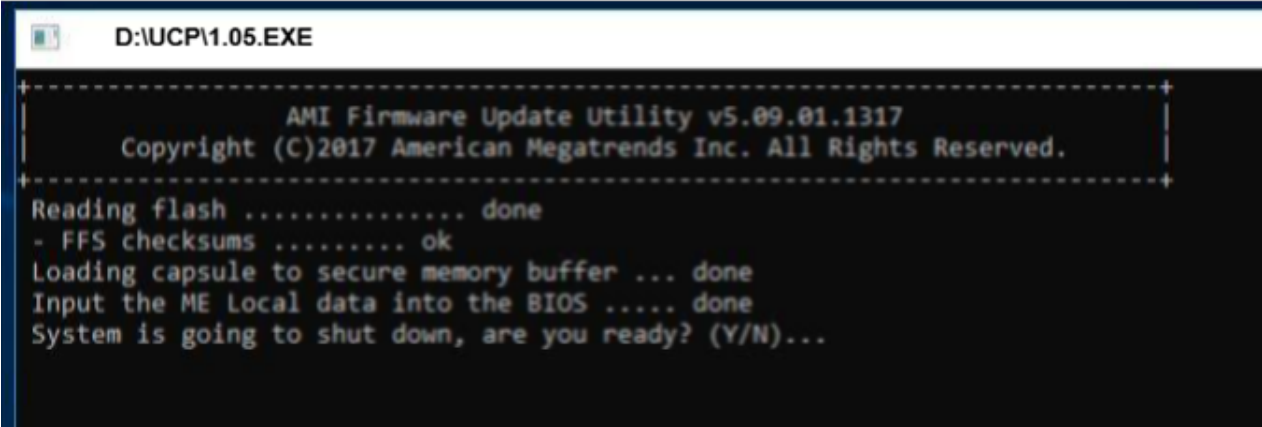

4. Choose "YES" to execute.
